# U.S. EXPORT SALES

- Outstanding Export Sales  
(Unshipped Balances)  
on OCTOBER 29, 1978
- Export Shipments in  
Current Marketing Year
- Daily Sales Reported  
OCTOBER 30 - NOVEMBER 5, 1978  
--As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

EXPORT SALES REPORT

Comments on release of November 9, 1978, (based on reports from exporters for the week ending October 29, 1978).

Wheat: Market interest was relatively strong with significant new sales and numerous contract adjustments (foreign purchases and cancellations) reported. Japan and Pakistan were the major buyers followed by the EC. Sales to unknown destinations were heavy as marketing year (MY) 1978/79 sales indicated a net increase of 257,300 metric tons (MT) and 157,900 MT was added for MY 1979/80. Exports were moderately heavy.

Corn: Reversing the trend of recent weeks, net sales activity pierced the million MT level again. Greece and Japan were the two largest customers, each adding in excess of 200,000 MT to their total purchases. The EC, Romania, Egypt and Canada were also active buyers. Exports were heavy.

Barley: The export market was relatively quiet. Israel's initial purchase (28,400 MT) of the MY was reported. Contract adjustments reduced optional origin sales to East Germany. Exports were negligible.

Sorghum: Market activity was modest. Total sales to Japan rose by 162,500 MT, while Israel added 33,200 MT. Exports were the lowest in 6 weeks.

Rice: Sales activity was strong with commercial sales leading the way. Iran added 57,300 MT to earlier purchases. The first significant sales (12,000 MT) of the MY were reported to Iraq. Zaire's purchases of 8,800 MT under Title I, PL-480 was reported. Sales to the EC continue to hold up well. Export liftings were heavy.

Soybeans: Sales (684,700 MT) for MY 1978/79 continued the strong pace of the preceding week. Net sales to the EC were 390,800 MT, Spain (177,300 MT) and Japan (100,900 MT). Numerous contract adjustments and destination changes were also reported. Sales for MY 1979/80 rose by 405,800 MT, principally to the EC. Exports (860,400 MT) were also strong with the EC (546,300 MT), Japan (194,800 MT) and Taiwan (46,600 MT) being the major importers.

Soybean Cake and Meal: Net sales, although moderately heavy, were down from the preceding week. Purchases by European countries comprised over two-thirds of the 112,800 MT increase. Exports were also down with Europe again accounting for the major share (89 percent).

Soybean Oil: The switch of 5,000 MT from unknown to Iran and small sales to Colombia and Australia headlined the week's activity. Exports of 5,000 MT to Iran were the major shipments.

Cotton: Export sales activity slowed but still maintained a good level. MY 1978/79 sales of 118,700 RB were mainly to PRC (42,300 RB), Japan (23,000 RB), Bangladesh (17,700 RB) and Hong Kong (11,900 RB). Zaire made an initial purchase of 8,300 RB with PL-480 funds. Exports increased with 93,200 RB shipped, 70 percent to Asia and 23 percent to Europe.

Oats: Showed no significant activity.
